We completely refund to your usual views concerning taking a capsule or two each day.

GOLD MEDAL Haarlem Oil Capsules are imported from the laboratories at Haarlem, Holland. Do not accept a substitute. In sealed boxes, three sizes.

## SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it before breakfast.

To feel as fine as the proverbial toadie, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from closing with indigestible material, acids and poisons toxins, says a noted physician.

If you get headache, it's your liver if you catch cold easily. It's your liver if you wake up with a bad taste, furred tongue, pasty breath or stomach becomes rankish. It's your liver. Sallow skin, muddy complexion, waters eyes, all denote liver uncleanliness. Your liver is the most important also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent cathartics which is a dangerous salivating remedy which can only be used occasionally however it accumulates in the tissues, also attacking the bones.

It's bad and women, also as well should drink with morning before breakfast, a glass of hot water with a tablespoonful of limestone phosphate in it to wash from the liver and bowel the previous day's indigestible material, the intestines, sour bile and toxins, thus cleansing, sweetening and freshening the entire alimentary canal before putting meat, fish into the stomach.

Limestone phosphate does not irritate the skin like caustic, because it does not irritate the B.I. is harmless and can eat anything afterwards. It is inexpensive and almost tasteless and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleanse stimulates and freshens the liver, keeping you feeling fit day in and day out.

SPANISH PARLIAMENT.  
By The Associated Press.  
Madrid, Jan. 13.—(Kavas)—The Spanish parliament, it is announced, will resume its session on January 21.

SPARTACANS DEFEATED.  
By The Associated Press.

Berns, Jan. 13.—Elections to the Bavarian National Council, held today, resulted in considerable successes for the Centrists, the moderate socialists and the conservatives. The independent socialists and the Spartacists met with complete defeat.

NAVY DEFICIENCY BILL.

By The Associated Press.  
Washington, Jan. 13.—Congress was asked today by Secretary Daniels to appropriate \$370,400,000 to meet a deficit in the navy's expenses for the current fiscal year. The recommendations include \$137,400,000 for pay of sailors; \$22,600,000 for provisions; \$14,300,000

for freight, and \$10,000,000 for repair of vessels.

SENTINELS ARE ARRESTED.

Washington, Jan. 13.—Another demonstration before the White House by members of the National Woman's Party resulted today in the arrest of 17 women. Several fires were started with oil-soaked wands, in which were burned speeches by President Wilson. The police took the women in custody and a street cleaner quenched the fires.

CALIFORNIA WILLING.

By The Associated Press.

Sacramento, Calif., Jan. 13.—A joint resolution urging the purchase of Lower California, the Colorado Islands and portions of the State of Sonora, Mexico, contiguous to the Colorado River, was introduced in the California legislature today. The resolution requested Congress to urge the president to initiate negotiations with Mexico.

DIRECTED FROM RUSSIA.

By The Associated Press.  
Washington, Jan. 13.—Officials here were much interested in the article in the Berlin Tapische Rundschau of Saturday, which stated that the Soviet government had sent a telegram to Moscow stating that fighting must be stopped as soon as possible, because the Berlin working classes were not ripe for dictatorship of the proletariat. This, it was pointed out, supports the charge that has often been made that the German uprising has been directed by the Russian Bolsheviks.

POLAND IS EMBARRASSING.

Conflicting Claims of Rival Governments Confusing to Delegates to Peace Conference.

By The Associated Press.

Paris, Jan. 13.—In undertaking to allow upon the program of business of the Inter-African peace conference delegations for the protection of Poland from the invasion from the Bolsheviks, the various delegations finds itself embarrassed by the conflicting claims for recognition of the Polish National Committee in Paris, headed by Dr. W. Miklaszewski, on the one hand, and the present de facto government at Warsaw, under General Piłsudski, on the other.

The Warsaw government was the creation of the people in Poland themselves, while the Polish National Committee has been largely supported by the Poles in America and has among its members some of the most eminent Polish leaders.

M. Dimowski contends that the Warsaw government is not representative because it receives no power from the Germans and is exclusively socialist and popularistic. General Piłsudski argues that the other part is reactionary, retrograde and unacceptable to the people at large.

The French government has refused to recognize the Warsaw government until it reaches an agreement with the National Committee.

RIOTS IN KANSAS CITY  
IN STREET CAR TROUBLE.

Kansas City, Mo., Jan. 13.—Dynamite was placed on the tracks in front of a street car here tonight. A dynamite was found in front of another car and soldiers were fired through the windows of four other cars. One man who threw a bomb through a car window was arrested last night. The soldiers were in connection with the strike of employees of the Kansas City Railway Company which had been in progress and Downing II. There were three passengers in the car which struck the dynamite. No one was injured. Windows which were shattered were shattered.

### LAW UPHELD BY SUPREME COURT

(Continued from Page One)  
and difficulties that already result from this short-sightedness."

Several weeks ago I addressed a communication to the Secretary of War outlining our plan in a general way and suggesting our desire for the counsel and advice of the experts of the Engineers Corps. Our request was supplemented by Senator Shepard, Congressman Gandy and Chairman John H. Small of the Rivers and Harbors Committee, who is an enthusiastic believer in the future of Corpus Christi.

"Several days ago I received a letter from Honorable Benjamin Howell, Assistant Secretary of War, in which

transmittal did not come within the meaning of the law," he said.

"I am in receipt of your letter of December 29, 1918, giving an outline of the plan which you are making to provide proper and adequate provision for the present and future needs of your section in the matter of water transportation. It is with pleasure that I notice the progressive manner in which you have taken hold of this problem, and I shall be very glad to assist you in every way practicable."

"My Committee and I would be advised of such action as the Department might be able to take in reference to your request."

"I therefore trust you will find the Washington situation as favorable and that I shall receive official notice within a few days of what has been done."

"Personally I regard it as a matter of great importance that we should begin to rapidly now plan for harbor development. I have only recently received a letter from Senator Small of the Rivers and Harbors Committee extending his invitation to the City upon our proposal to give this important port city consideration and urging us to build quickly for the present but for the future."

"Deep water will of course determine the future of Corpus Christi. Our negotiations with the Federal government in respect to terminal facilities will determine the deep water question because it is now the fixed policy of the government to require of interested municipalities as a condition precedent to incorporation, adequate provision for municipal terminal facilities. If the City of Corpus Christi will submit to the Federal government a comprehensive and complete plan for terminal facilities, with the assurance that the plan will be executed as expeditiously as the needs of commerce will require, I have no doubt that the government will very soon take steps to deepen our channel and harbor."

"I make this statement now to advise that the people of Corpus Christi may give this important matter some thought and consideration. The whole idea will of course be submitted to and very carefully considered by the Citrus Advisory Committee recently organized, which will have its first conference in the spring. Details were scattered.
